

Horsman / Horseman Data

I have collected a lot of information relating to Horsman and Horseman families. This includes:

- Civil Registration Index entries for Births, Marriages and Deaths in England, Wales and Scotland
- Birth, Marriage and Death Certificates from the UK and overseas
- Census records from the UK and other countries
- Parish Register Baptism, Marriage and Burial extracts
- Gravestone records and photographs
- Military service information
- England & Wales National Probate index 1858-1953 - plus numerous copy wills
- Pre 1858 Probate Records - I have an extensive collection of wills proved in the PCC, and at York; as well as many from Durham, Gloucestershire, Warwickshire, Oxfordshire and other counties where the name was common

If you have any Hors(e)man information, such as photographs, certificates or wills, I would love to hear from you.
